I have read and understand the policies for admission to the Upper Division of the Curriculum for Construction Management Technology.

I understand that pre-enrollment for the fall semester is for my convenience and does not constitute admission to the Upper Division of the Curriculum for Construction Management Technology. If I am denied admission to the Upper Division of the Curriculum for Construction Management Technology I will withdraw from all CMT Curriculum upper division courses.

I understand that admission is for the year applied for only and does not carry over to future admission classes.
